Section 2 Engagement Summary and References

- List engagements below starting with your most recent employment, working back to graduation date. Your current job is Engagement 1.
- An engagement is an employment with one employer, in one capacity at one level of responsibility. Different projects in the same capacity for one employer are not considered separate engagements.
- Explain overlaps in dates.
- All applicants must submit a minimum of three (3) references from three licensed Structural Engineers in California or equivalent thereto.
- For each engagement claimed as qualifying experience, list the name of the person who will serve as your reference. List names of at least three licensed civil engineers authorized to use the title "Structural Engineer" in California or the equivalent thereto, who have personal knowledge of your experience. See Engagement Record and Reference Form instructions to determine who you should select as references. YOU MUST LIST A MINIMUM OF THREE REFERENCES on California Structural Engineer Engagement Record and Reference Forms.
- COMITY APPLICANTS:** You **must** complete this page. NCEES Council Records are not accepted for Structural licensing. If you do not complete this page, and submit the three required references on California Structural Reference forms, your application will be deemed incomplete.

10. REMARKS: Use this space for explanatory remarks or additional information, including information relating to Section 4 on page three (3) of this application.

** Qualifying experience includes only engineering work. It does not overlap with credit claimed for civil engineering license or for education. It does not include overtime, training, orientation, non-engineering work, or summer work while a student. Qualifying experience may be less than the total number of months worked; it is computed by Total Months Worked less Non-Qualifying Experience. Qualifying experience means civil/structural engineering employment that requires the applicant to use sound judgment in making engineering decisions and contributes to progress towards becoming a Structural Engineer.
